

# Life Rolls On

## Little Big Town

I don't know, but I've been told  
If you ain't busy livin', then you're getting old  
That always seemed to make good sense to me  
So I've been running my whole life  
Diving in; never thinking twice  
Chasing down what life had in store for me  
Ain't nothing gonna stop this train from moving  
Gonna grab hold & keep on singing  
La, La, La, La, La, Life Rolls On  
La, La, La, La, La, Life Rolls On  
I don't know but it seems to me  
A chair & the sand & a summer breeze  
And a sunset, Man, that's where I belong  
So sit down here right next to me  
We'll toast and to living free  
And watch the tide roll in all night long  
As sure as the sun & the moon keep shining

We'll be here & we'll be singing  
La, La, La, La, La, Life Rolls On  
La, La, La, La, La, Life Rolls On  
Yeah Life Rolls On  
As sure as the sun & the moon keep shining  
We'll be here & we'll be singing  
La, La, La, La, La, Life Rolls On  
La, La, La, La, La, Life Rolls On  
And we'll be singing  
La, La, La, La, La, Life Rolls On  
La, La, La, La, La, Life Rolls On  
Yeah Life Rolls On  
Life Rolls On  
Yeah Life Rolls On  
I don't know, but I've been told  
If you ain't busy livin', then you're getting old  
That always seemed to make good sense to me
