White Line Fever

Asking Alexandria

As I breathe my disease brings me to my knees
All you need is a taste it'll set you free
Your infection's my discretion honey, one and the same

Counting second til I'm medicated, fucked in the brainI don't want this baby, I just need it to carry onI got the white line fever and an appetite for sin

If there's a black hole headed for hell then baby count me in I sold my soul so long ago, a bullet in the chamber with nowhere to go

If there's a black hole headed for hell then baby count me inI sold my soulLicking every drop of poison off a pocket of keys

While some daddy's little angel's getting dirt on her knees

When the sun goes down the filth run free

You'll never find a finer specimen of filth than meI don't want this, I just need this to carry onI got the white line fever and an appetite for sin

If there's a black hole headed for hell then baby count me in I sold my soul so long ago, a bullet in the chamber with nowhere to go

If there's a black hole headed for hell then baby count me in I sold my soul Some have said that I'm the devil and it's just as well cause

I've been through and burned down and rebuilt hell With my heart in a vice and a knife in my back

I've got a noose for the world that I'm painting blackI got the white line fever and an appetite for sin If there's a black hole headed for hell then baby count me in I sold my soul so long ago, a bullet in the chamber with nowhere to go If there's a black hole headed for hell then baby count me in.
