

# Once Dead

## Tremonti

once dead once decieved  
twice bled under seige  
came on like a storm  
once dead forevor bornwhen all the time is gone  
I'll break you when you play along  
I need your pain again  
I know you'll bring itonce killed once we fall  
I've lived through it all  
we sink like a stone  
once dead once below(X2)  
when all the time is gone  
I'll break you when you play along  
I need your pain again  
I know you'll bring it
