

I Wanna Talk To You

Stevie Wonder

M-m-m-m-m-m-m-m-m-m-m-m-m-m-m

Lord, Lordy, Lordy

Standing here on my own side

Waitin' Fo' the floor

Your world's movin' fast

But still ends up a bore

Come on give me a little room na

Do you have to take it all

Yeah that's the way it is I guess

Then you're born with nothin' at all

Uh- Uh- Uh- Uh- Uh- Uh- Uh

I wanna talk to you

I wanna talk to you

Hey boy don't feel my world's untrue

Yeah, I wanna talk to you

My world can be true

I wanna talk to you

Pick up my life at the table

Read about the way I could be

But I know I just ain't able

So I read about the real me

Who can I blame

For the way I am

I ain't never had one soul to help me

So I don't give a

Uh- Uh- Uh- Uh- Uh- Uh- Uh

Watch that boy, watch that

I heard you thinkin'

I wanna talk to you

I wanna talk to you

Don't feel my world's untrue

Yeah, boy I wanna talk to you

My world can be true

But you gotta find out what to do

I wanna talk to you sonny beau

Gotta woman that lov' me

Feed me beans ev'ry night

Twelve babies look up at me

Wid Big grey hungry eyes

Oh but I just can't complain
You see ya, said I ain't allowed
Oh but pretty soon will come a change
When I gain the biggest mouth
Uh- Uh- Uh- Uh- Uh- Uh- Uh
I wanna talk to you
I wanna talk to you
Don't feel my world's untrue
Yeah boy , I wanna talk to you

My world can be true
I'm a show you what to do
I wanna talk to you
Hey don't wanna talk to you
What you mean by that boy
I don't wanna talk to you
I recognize you as being a human being
I've been listening to you for 250 thousand years
I called you Steve when you were amongst my friends
Don't wanna talk to you
I wanna talk to you
Too late
Naw boy
Too late I can't wait
Naw
Don't wanna talk to you
You can have dinner with me next week
And after that you can mow my lawn
Hey don't wanna talk to you naw
Understand me
You can't tell me nothin' white man
Try to understand yourself
Oh I don't wanna say a word to you
Do ya understand me
Naw I don't hear ya - I wanna talk
Too late
Naw it ain't
Can't wait
Yes, ya can
Don't wanna talk to you
Ah Stevie boy
Hey I don't need you for nothin'
Come on Stevie let's talk na
Don't wanna talk to you
You know I'm ya friend

I'm gonna take my share
N-N- Naw Stevie you can't do that
I-I-I give it toya
Don't wanna talk to you
Un-Un-Understand me na
Yeah it's too late
You-You's my brother
Can't wait
You my brother na
Don't care about your sake
Ah, ah, ah, ah, ah Stevie
I don't wanna talk to you
I guess I can't say N-N-Nothin' to you
Lordy, Lordy, Lordy, Lordy, Lord
Naw, Naw, Naw, Naw, Naw
Naw, Naw, Naw, Naw, Naw
