To Walk the Night

Samhain

To walk the night
To feel no love
To know the touch of another kiss
Never moreTo walk the night
To forever roam
To escape inside cool darkness
AloneI have wandered my whole life long
The night becomes my bride and everything else must die
World without end
For meUnearthly night
World you fear
Love lies lurking, a wounded dingo-dog
Soon to deceaseI have wandered my whole life long
The night becomes my bride and everything else must die
World without end
For meTo walk the night
Solitary friend
Night ethereal
World without end
Forever more
Forever
