

# Let Me Go

**Daniel Norgren**

Father, let me go  
Father, let me go  
I said Father, let me go

On your crowded bus to heaven  
And I won't bother you no more  
On your crowded bus to heaven  
And I won't bother you no more

Father (yeah), is a busy man  
I said ol' father, is a busy man  
I said, I said father, is a busy man (yeah)

One day I'll sing for him in heaven  
And I will join his angel band  
One day I'll sing for him in heaven  
And I will join his angel band

I said ol' Jesus, was a fine young man  
I said, I said ol' Jesus (yeah), was a fine young man  
Oh Jesus, was a fine young man

Four good bottles a day  
I drink in Jesus name  
Four good bottles a day  
I drink in Jesus name

I said father, I don't wanna complain  
I said father, I don't wanna complain  
Father, I don't wanna complain

But I'm longing for your hands  
To tare up this ol' chain  
How I'm longing for your hands  
To tare up this ol' chain

Father, let me go  
I said ol' Father, let me go  
I said Father, let me go

On that crowded bus to heaven  
And I won't bother you no more  
On that crowded bus to heaven  
And I won't bother you no more  
On That crowded bus to heaven  
And I won't bother you no more  
On that crowded bus to heaven  
And I won't bother you no more
