Bottom Line

Montell Jordan

Bottom line, we gonna work it out
We gonna handle it, we gonna work it out
I can?t give up on you baby
Don?t you give me up on me sugar
Why I be acting like I don?t need you?
How many times you gonna say we are through?
Are we crazy? Because lately
We continue to cross that line, yeah
I?m sick and tired of who?s right or wrong
I just need to know our love is strong
'Cause in the long run, you are the right one
This is all I have to say
Bottom line, we gonna work it out
We gonna handle it, we gonna work it out
I can?t give up on you baby
Don?t you give me up on me sugar
Bottom line, we gonna work it out
We gonna handle it, we gonna work it out
I can?t give up on you baby
Don?t you give me up on me sugar
Baby, we can work it out
I know we can work it out
Never ever giving up
Baby, that?s what loves about
