

Wring Me Out

Doll Skin

Boy you've turned me back Into the statistic
Got me singin' songs that only true suckers sing while they're in love
All the cheesy shit I loathe when I'm alone
Feels like I'm goin' through the cycle again Oh! Oh! Oh!
(Feels like I'm goin' through the cycle again) When I thought I was outta the ring
The bull takes me by the horns in the end Your love is suffocating me
And I love it every bit
To be honest I love your love
And they way it's wraped it's self around my neck
Here I am
Stuck with these urges again
Wanna drive 10 miles all the way to your place
With a 1, 000 movies to watch and your smile in my brain
Honey I know I've felt all this before Your love is suffocating me
And I love it every bit
To be honest I love your love
And they way it's wraped it's self around my neck
Your love is suffocating me
And I love it every bit
To be honest I love your love
And they way it's wraped it's self around my neck
