Since I was 10 I heard the music through the speakers in my head
I started dancing on my bed like na na na na na na na
Like na na na na na na na
Turn up the bass, I wanna feel it in my every single place
We came to party in your face like na na na na na na na
Like na na na na na na na Tonight I work it, work it on the floor
I wanna twerk it, twerk it, take it low
I'm in control, you better hurry
Here we go so come and get me If you're ready for the rush put your, put your hands us
Hang your drama over there, baby, we don't give a fuck
Ain't nobody got time for that, said ain't nobody got time for that
I be rocking what I wear, making everybody stare
Got no time for them haters, keep them bitches over there
Ain't nobody got time for that, said ain't nobody got time for that We up in here, we over there
We keep it popping, popping, popping
We don't care
We up in here, we over there
We keep it popping, popping, popping
We don't care You wanna dance, you better hurry up
I don't want no gentleman
So put your hands right there now Na na na na na na na
Na na na na na na na What is you scared?
You wanna play a game of chicken
Truth or dare
My girls are waiting over there
Like na na na na na na na
Na na na na na na na Tonight I work it, work it on the floor
I wanna twerk it, twerk it, take it low
I'm in control, you better hurry
Here we go so come and get me If you're ready for the rush put your, put your hands us
Hang your drama over there, baby, we don't give a fuck
Ain't nobody got time for that, said ain't nobody got time for that

I be rocking what I wear, making everybody stare
Got no time for them haters, keep them bitches over there
Ain't nobody got time for that, said ain't nobody got time for thatWe up in here, we over there
We keep it popping, popping, popping
We don't care
We up in here, we over there
We keep it popping, popping, popping
We don't careWe like that Louboutin, we like that Louis Vuitton
I got some Fendi, Guccy, and Chanel up on my ar
I'm singing na na na na na na na
You say na na na na na na naOk, so now I'm chilling with my girls
We be rocking in the car
We be taking on the world
Don't you know we superstars?
We superstars
We hit 'em hard, we in charge till the sun comes up
BlushIf you're ready for the rush put your, put your hands us
Hang your drama over there, baby, we don't give a fuck
Ain't nobody got time for that, said ain't nobody got time for that
I be rocking what I wear, making everybody stare
Got no time for them haters, keep them bitches over there
Ain't nobody got time for that, said ain't nobody got time for thatWe up in here, we over there
We keep it popping, popping, popping
We don't care
We up in here, we over there
We keep it popping, popping, popping
We don't care
