

Through

7 Profitz

It's a game that we play just to get by
It's a game that we play just to live life
You tell me you're through
You're through Took a time to turn a world my way
When I got 'em there I told em what I had to say
You tell me you're through
You're through You tell me you're through
You're through Now I ain't gonna play like I know
And I ain't gonna play you know You tell me you're through
You're through You tell me you're through
You're through
