

# Month of May (Preview)

## Arcade Fire

One, two, three, four Gonna make a record in the month of May  
In the month of May, in the month of May  
Gonna make a record in the month of May  
When the violent wind blows the wires away Month of May, it's a violent thing  
In the city, their hearts start to sing  
Well, some people sing, it sounds like they're screaming  
Used to doubt it but now I believe it Month of May, everybody's in love  
And the city was sent from above  
And just when I knew what I wanted to say  
The violent wind blew the wires away We were shocked in the suburbs  
Now the kids are all standing with their arms folded tight  
Kids are all standing with their arms folded tight  
Well, some things are pure and some things are right  
But the kids are still standing with their arms folded tight I said some things are pure, and some things are right  
But the kids are still standing with their arms folded tight So young, so young  
So much pain for someone so young  
Well, I know it's heavy, I know it ain't light  
But how you gonna lift it with your arms folded tight? First they built the road  
Then they built the town  
That's why we're still driving around  
And around and around and around and around  
And around and around and around and around  
And around and around and around and around 2009, 2010 wanna make a record how I felt then  
When we stood outside in the month of May  
And watched the violent wind blow the wires away If I die in the month of May  
Let the wind take my body away, yeah  
Wish I may or wish I might  
But meet me down there with my arms folded tight Start again in the month of May  
Start again in the month of May  
Come on and blow the wires away  
Come on and blow the wires away Start again in the month of May  
Start again in the month of May  
Come on and blow the wires away  
Come on and blow the wires away Start again in the month of May  
Start again in the month of May  
Come on and blow the wires away  
Come on and blow the wires  
The wires away
