I Stand on Your Word

Jonathan Butler

I stand on your wordNo matter what the situation I believe, I believe
No matter what the circumstances, I believe, yes I believe
I stand on your word
I stand on your promise
I stand on your word
I stand on your promise
My soul says yes, my soul says yesEven when my faith is weary I believe I believe
For I know that you will answer, I believe I believe
I stand on your word
I stand on your promise
I stand on your word
I stand on your promise
My soul says yes, my soul says yesTo your will to your way I will trust and obey
To your will to your way I will trust and obey
