Forever More

Hothouse Flowers

I'm sitting on my own by the fire again
And the healing is turned on
I've been just out drinking
And I feel my mind is goneAnd the flames are dancing like a ballerina
Reminding me of you
And the night that we fell through the mist
And we made one out of twoAnd I think, I'm going to go out and buy a diamond
And I think, I'm going to dress you up in whiteForever more, forever more
Forever more, forever moreI like a drink that takes some time to settle
It's worth the wait and it tastes just like a dream
And my soul is full of gold and precious metals
And my heart is singing a song that's never beenAnd I think, I'm going to go out and buy a diamond
And I think, I'm going to dress you up in whiteForever more, forever more
Forever more, forever moreAnd the first night that we made love
Was so wrong and the night that we got drunk to write this song
And the friends we couldn't tell what was going on
Took us to a place where we belong, where love is strong
Love be strong, love grow strongAh, forever more, forever more
Forever more, forever more
