The Bargain

Fu Manchu

Ya shook the override
Why'd I get this far, this time
A ton of more, I mean
I'm ridin' hell and the mile this time I seeA drift machine ago, I see
A one you'll never know
A drift machine ago
A one you'll never knowAn hour late's too soon
Surround the stop right through
A sound far too long
Explode and fail and see goin' to and I'm goneA drift machine ago and I'm gone
A one you'll never know
A drift machine ago
A one you'll never know
