

# The Indiscriminate

## Origin

Torment / Witness to a vast reflection  
Planeswalking on legs of eons  
Gazing / Into the depths of twilight  
Unseater in celestial coups  
Under a banner we all stand united  
United in senescence  
In righteousness in fragility  
Resurrecting the inert ascension  
A diaspora of complexity/This cold incalculable  
Watches on in abject fear  
The audacity of the sentient  
To claim preeminence in this realm  
A speck in the expanse  
Broken before a frozen god  
The ink black birth spawn  
Contradicts the contradiction  
Despite a universe of endless potential  
All resources have already been spent  
The indiscriminate forces that surround us  
Revolt in unison against continued life  
A mockery of providence  
There has never been a deeper meaning  
We exist as aberrations  
Amidst black seas of infinity
