

# Better

## Moor Hound

When you ask me  
What I did with my day  
Or how it was  
It makes the day better  
It always makes it better  
When you talk to me  
With no initiation on my end  
It makes me feel better  
It always makes me feel better  
What have I done  
To earn your thoughts?  
What have I done  
To earn the air in your lungs?  
Do you think of me  
As often as I think of you?  
It's easy for me  
Is it easy for you too?
