

# World's Child

## Dreamtale

Eternity's long minutes are  
Flowing from my hands  
Like a dream I run under the sun  
Like a dust in the wind I fly  
World's child's running  
In the winds of the world  
Touching the sky flying high  
Life's so great, I will not wait  
I want it all now[Chorus:]  
With open mind, open eyes  
I went, I saw  
And always wanted more  
Fire in my heart  
Makes me move on  
World's child lives so fast  
lifeTemptations of the world  
Has occupied my mind  
So much, too fast and all of it  
I wish this would last  
So young, so brave without a line  
Time will come to think about the life  
Today's carousel spins too fast  
I can't see the end of the line[Chorus]
