

# Falling into You (feat. B-Nice)

Cody Longo

What I would do  
To see you again  
What I would say  
For the first time Cause time is on a thread  
You don't know what you've lost and broken  
Turn your head away but it's pretty safe to say  
I was foolish I want you, I need you  
There's nothing I would change CHORUS:  
I'm falling into you  
I'm falling into you  
There's nothing I can do  
I'm breathless without you  
So I will breathe in and breathe out What I would do  
To feel you again  
I'm standing on the edge  
And I know that you're my ledge  
And I hold  
And I hold I see you, I feel you  
There's nothing I would change CHORUS:  
I'm falling into you  
I'm falling into you  
There's nothing I can do  
I'm breathless without you  
So I will breathe in and breathe out You can't have what you can't touch  
And it hurts, babe  
Some birds are too bright to cage  
It's so strange how the strong ones  
Are the first ones but I don't want you to fall CHORUS:  
I'm falling into you  
I'm falling into you  
There's nothing I can do  
I'm breathless without you  
So I will breathe in and breathe out
