Cymphonique

If only we hadn't gone so far
Things would be different here just now
I didn't know what I had done
Would it be different if you had of come
Now I can take it if you hold me
I met her last night again after hours
The only words I could muster was, erm, hi
We talked for an hour or two then you left
I dreamt that night I lay upon your breast
Now I can take it if you hold me
