Let the Good Times Roll

Brandon Rhyder

VERSE 1
Come here baby, closer still
Lie down with me may this night never end
Tell me you want me, then tell me more
And take me further than Ive ever been before
Cause I, I need you, and I, I aim to please youCHORUS
I want to sweep you off your feet
And I want for you to fall for me
I need your body like I need your soul
So cmon baby lets go, and let the good times rollVERSE 2
Saturday mornin has never been so sweet
To wake up next to you, to watch you sleep
When Im not with you, I can barely breathe
You kno you put the life right back inside of me
Cause I need you, and I, I aim to please youCHORUS
Lock your fears away, for just a little time
You can hang em in the closet, you can hang em right next to mine
Dont be afraid to let go, Ill be sure to hold on
With all my body and my soul, let the good times rollCHORUS
Let the good times roll
With all my body and my soul
Let the good times roll
Let the good times roll
