Columbia

Destroy The Runner

We all learn from our failures
I never thought I could fall this far -
So far from you
With no desire to look back
I'll embrace this forever
Divorcing my adoration
As death marches to the grave
We all learn from our mistakes, let it break me
We all learn from our failures
Failure is death, and I have overcome it
With not a single tear of remembrance
I choose to forget and start all over
