# It Ain't Over Yet (Live at Pustervik)

## Graveyard

Outside my window I see even more windows
I look at houses with a million eyesIt ain't over yet
You got a lot to lose
It ain't done yet
It ain't over for youI saw grasshoppers come, I saw a cat run
It had fire in its long black tail
I felt the holes burn, I saw the eyes turn
It got to me and pushed me overIt ain't over yet
You got a lot to lose
It ain't done yet
It ain't over for you
It ain't over yet
You got a lot to lose
It ain't done yet
It ain't over for youI ain't here no more, I'm at this outer place
But I remember knowing you and I seem to know a lot about you
You say the end is near so don't you loose your grip now
Better try not to slip now, make no mistakes
It ain't over yet
You got a lot to lose
It ain't done yet
It ain't over for youIt ain't over yet
You got a lot to lose
It ain't done yet
It ain't over for you
One more drink of cool water may
Help to clear the last fogIt ain't over yet
You got a lot to lose
It ain't done yet
It ain't over for youIt ain't over yet
You got a lot to lose
It ain't done yet
It ain't over for youIt ain't over yet
You got a lot to lose
It ain't done yet
It ain't over for you
