Move On

Eminem

Wouldn't it be nice if I had some tissues
Wipe away the tears that's right you got issues
Why do you keep asking questions when I don't care
And how many times will it take you to figure out
How much I hate you
I'm right, your wrong, move on

[Chorus]
Cause you love me
And I hate you
I'm right
Your wrong
Move on

Wouldn't it be nice if you stopped whining
And telling all your friends that I've been lying
You can trust me when I tell you we're through (we're through)
And how many times will it take you
Do the math me minus you
I'm right, your wrong, move on

[Chorus]
Cause you love me
And I hate you
I'm right
Your wrong
Move on

How many feelings will you harbor
Get over it your friends are so much hotter (oh yeah)
I'm right, your wrong, move on
I'm right, your wrong, move on

[Chorus x2]
Cause you love me
And I hate you
I'm right
Your wrong
Move on
