

# It's All Over But The Crying

## Garbage

Everything you think  
You know baby, is wrong  
And everything you think  
You had baby, is gone  
Certain things turn ugly  
When you think too hard  
And nagging little thoughts  
Change into things you can't turn off  
Everything you think  
You know baby, is wrong  
It's all over but the crying  
Fade to black, I'm sick of trying  
Took too much and now I'm done  
It's all over but the crying  
Do you really think I'm made of stone, baby?  
C'mon  
That we only love the things we own?  
Baby, you're wrong  
Certain things just happen  
When you make no plans  
And love can really tear you up  
And it can break you down  
Everything you think  
You know baby, is wrong  
It's all over but the crying  
Fade to black, I'm sick of trying  
Took too much and now I'm done  
It's all over but the crying  
Baby, we're done  
If I could I would, I'd change everything  
'Cause I can't forget you though you don't believe me  
Now I can't walk back, I can't leave behind  
Where does it go all the light that we had?  
Everything you think  
You know baby, is wrong  
And everything you think  
You had baby, is gone  
Baby, we're done
