

Short Temper

Sawyer Fredericks

I met a woman and I
Gave her everything

And I thought
She loved me

I met a woman and I
Gave her everything

And I thought
She loved me

It wasn't working out and
She told me to get out
Of her life.

I told her this is

Just a phase
It'll all be

Better in the morning

You wait
You wait

She didn't listen

She didn't listen

She didn't listen

She didn't listen

She locked the doors and
Told me to get out
Of her life

She locked the doors and

Told me to get out
Of her life

Open the door now I'm

Tired of standing
In the rain

Open the door now I'm

Tired of standing
In the rain

Mama told me
I had a
Short temper

So let me in
Open the door now I'm
Tired of standing
In the rain

She didn't listen
She didn't listen
She didn't listen
She didn't listen

I met a woman and I
Gave her everything
And I thought
She loved me
I met a woman and I
Gave her everything
And I thought
She loved me
