You Make It Look so Good

Thompson Square

I like stretching out in my big old bed
Putting both pillows underneath my head
TV blaring all night long
Nothing but ESPN onPicking up my buddies on a Wednesday night
Dollar beers till they turn off the light
Nobody checking in or up on me
Who you with, where you gonna beBut ooh, you make it look so good
Yeah, you got me wondering
What it might be like
Knowing every night
Who I'm waking up with
On the other side of the bed
And I never thought I'd let
Anyone ever get close enough
To make me fall in love
But ooh, you make it look so goodLately you've been
Taking up all my time
I used to spend with
My friends talking, drinking wine'
Love was never really high on my list
Baby, now you're showing me what I missedOoh, you make it look so good (so good)
Yeah, you got me wondering
What it might be like
Knowing every night
Who I'm waking up with
On the other side of the bed
And I never thought I'd let (I'd let)
Anyone ever get close enough
To make me fall in love
But ooh, you make it look so goodWoah, oh
You make it look so goodYou
You make it look so good (so good)
Girl, you got me wondering
What it might be like
Knowing every night
Who I'm waking up with
On the other side of the bed
And I never thought I'd let (I'd let)
Anyone ever get close enough

To make me fall in love
But ooh, you make it look so good
You make it look so goodYou make it look so good
You make it look so good
(Yeah, yeah)
So goodBaby, you've been
Taking up all my time
I don't, I don't mind
I don't, I don't mind
You make it look so good
So good, so good
