

# Walt Disney

## Rivers Cuomo

It's cold outside  
Seven months of suicide  
I've been in suspended animation  
Just like Walt Disney My only love  
Asked for me to wait out there  
I waited  
Waited but she didn't care  
Just like Walt Disney  
I'm just thawing out My fingertips and toes are frozen to the bone  
Give me an hour before you throw me in the cold Ring, ring, ring  
Now I hear the phone singing  
Calling me  
Telling me to start freezing  
Just like Walt Disney, yeah  
I'm a block of ice My fingertips and toes are frozen to the bone  
Give me an hour before you throw me in the cold  
Give me an hour before you pick me up and throw me 'cross the sea  
Why don't you, please?
