

# We Will Fall Together

## Streetlight Manifesto

I once knew a guy obsessed with the afterlife  
Oh, what a terrible day that was, he realized he wasted all his  
Time was ticking by, and he'd been left behind  
And as the clock tick-tocked, his heart did stop  
And everything he had was fucked And we know not what we do, can you hear them call?  
Will we ever make it through? As they watch us fall  
From the sky to the sea, woe is me No one will save you now  
We can only look away, away, away, way, way, way, way  
We'll not be victims, there'll be no victims of to speak  
And only then will we be free and up will rise the meek And when we fall we will fall together  
No one will catch us so we'll catch ourselves  
And where we roam we will roam forever  
No one will understand what we meant The beat and the bruised, forsaken, the abused  
Oh, what a glorious day we'll have  
Rising up and claiming all our dues  
The day will come as sure as the ever setting sun  
All of those that self impose will find themselves so indisposed And we know not what we do, can you hear  
them call?  
Will we ever make it through? As they watch us fall  
From the sky to the sea, woe is me No one will save you now  
We can only look away, away, away, way, way, way, way  
We'll not be victims, there'll be no victims of to speak  
And only then will we be free and up will rise the meek And when we fall we will fall together  
No one will catch us so we'll catch ourselves  
And where we roam we will roam forever  
No one will understand what we meant Now with the lines drawn in the wet sand  
You need to tell us where you stand  
Sitting, waiting, watching, rotting  
Everything they warned us of is true  
Now tell me what we're all supposed to do They're coming after all of us with everything they've got  
With the fury of a soldier who will answer to his God  
So how will we fight?  
All we have is logic and love on our side And when we fall we will fall together  
No one will catch us so we'll catch ourselves  
And where we roam we will roam forever  
No one will understand what we meant
