Waterfall

Painted Palms

We are a waterfall
That you don't hear at all
And everything we feel
Is spinning like a wheelYeah we don't make a sound
But you still know we're here
We'll keep it underground
You'll feel it in the airI can feel it now
(I can feel it now)
Let me show you how
(never made a sound)
I can feel it now
(you just walk on by)
Let me show you how
(keep em hypnotized)We are an endless road
With nowhere else to go
Don't carry what we found
And we don't turn aroundWe don't fall in love
We just know it's here
We'll keep it underground
You'll feel it in the airWaterfall that you can't hear
And your thoughts are spinning like a wheel
Feel it more as it moves near
Your thoughts are spinning like a wheel
Feel it coming on
