Last Man Stands

Dragonforce

SOLO: SAM

One man remains
And the stars seem to change
Far beyond our universe tonight

And the cries of the brave
And the skies filled with pain
For the silent ones we pray for all tonight

New dawn rising destruction and pain
Long days passing the fear of the rain
Soldiers fighting on the price they will pay
Nuclear meltdown the world uncertain from the

Power of the tragedy of man's creation
Rise from the suffering for our salvation

Fearless we stand strong till the end, at the trial of all our lives
Now say our final goodbyes

[CHORUS]Light the path for the journey home
Save a prayer for the lost alone
Find a way from the other side
Before the heroes task still binding
Through the long nights across the seas

Shine a light for eternity
Find a way beyond the other side
Until the last man stands for all mankind

SOLO: HERMAN

Skies now blackened the night turns to day
Nations fearful of global decay
Fires still raging on in vain now we pray
Nuclear fallout the fortunes fading as we

Stand at the edge barren desolation

Fight for the future of our generation

Fearless we stand, brave we defend
For a thousand years gone by
Now say our final goodbyes

[CHORUS]
SOLOS: HERMAN / SAM / VADIM / SAM

[CHORUS]
And the fate of the world in our hands
Rise again until the end of time
Until the last man stands for all mankind
