

# Leap Of Faith

## Sweet

One less call to answer  
Feeling full of despair  
Don't think I can get through it  
Just one last prayer  
And it's a leap of faith  
When you believe there's someone out there  
It's a leap of faith  
When you believe that someone cares, oh  
And when I call out to you will you be right there?  
Right there  
Searching for the answer  
Nobody seems to care  
Oh, how I wish that you were here beside me  
To wipe away my tears  
And it's a leap of faith  
When you believe there's someone out there  
It's a leap of faith  
When you believe that someone cares, oh  
And when I call out to you will you be right there?  
Right there  
Waiting for the answer  
Remembering times we would share  
Somehow I feel you here beside me  
Even though your not there  
  
And it's a leap of faith  
When you believe there's someone out there  
It's a leap of faith  
When you believe that someone cares, oh  
And when I call out to you will you be right there?  
Right there  
Right there  
And I'll be waiting by the window for your smile to come through  
And I'll be waiting in the darkness when I call out to you  
And I'll remember when you told me  
I could trust in you  
And it's a leap of faith  
When you believe there's someone out there  
It's a leap of faith

When you believe that someone cares, oh  
And when I call out to you will you be right there?  
Right there  
It's a leap of faith  
And I believe that you are out there  
It's a leap of faith and I believe you truly care, oh  
And when I call out to you I know you'll be right there  
Right there  
And it's a leap of faith
