

Sugar

Stevie Wonder

Sugar, sugar
How I wanna be your main boy
Sugar, sugar
How I wanna be your play toy Got no time for every woman
Thinking that shes looking fine
Got no pockets full of money no no no
A fox would just be wasting her time All I got is good
Good loving
And good loving
Doesn't have to find, hey Sugar, sugar
How I wanna be your baby boy
Sugar, sugar
How I wanna be your play toy Got no need for fancy places
Got no need for cannon and wine
Got no need to move to the city no no no
Got no need to walk the line All I need is
Good home cooking
And some sugar
After supper time, hey, hey Sugar, sugar
How I wanna be your baby boy
Sugar, sugar
How I wanna be your play toy Ohh sugar
Ohh sugar
Ohh sugar
