View from Heaven

Yellowcard

I'm just so tired
Won't you sing me to sleep
And fly through my dreams
So I can hitch a ride with you tonightAnd get away from this place
Have a new name and face
I just ain't the same with out you in my lifeLate night drives
All alone in my car
I can't help but start
Singing lines from all our favorite songsAnd melodies in the air
Singing Ã¢??life just ain't fairÃ¢??
Sometimes I still just can't believe you're goneAnd I'm sure the view from heaven
Beats the hell out of mine here
And if we all believe in heaven
Maybe we'll make it through one more year
Down hereFeel your fire
When it's cold in my heart
And things sort of start
Reminding me of my last night with youI only need one more day
Just one more chance to say
I wish that I had gone up with you tooAnd I'm sure the view from heaven
Beats the hell out of mine here
And if we all believe in heaven
Maybe we'll make it through one more year
Down hereYou won't be coming back
And I didn't get to say good bye
(good bye)
And I really wish I got to say
Good byeAnd I'm sure the view from heaven
Beats the hell out of mine here
And if we all believe in heaven
Maybe we'll make it through one more yearI hope that all is well in heaven
(I'll be singing in heaven?)
'Cause it's all shot to hell down here
(We need you here)
I know that I'll find you in heaven
(Singing in heaven)
'Cause I'm so lost with out you
Down hereYou won't be coming back
And I didn't get to say good bye

I really wish I got to say good bye
