

Better Off

Alive Like Me

... minute poison
..... life
I'm better off without you
You won't get another chance to take it back
You left me with a choice
Now it's clear to me that I'm better off without you

It's always summer, lost I'll ever be
I can see it in your eyes
..history... self
So now I'm treading water just to stay alive
I can't live like this (I can't live like this)
I'm so far from holding on
I won't fight for it
Because I feel like I'm already down and out
You lost yourself and all your flame was to give up on me
I hope you finally see

... minute poison
..... life
I'm better off without you
You won't get another chance to take it back
You left me with a choice
Now it's clear to me that I'm better off without you

I can't live like this
It's hard to say you were the best thing for me
I can't live like this
We were only trying to see this coming
I can take back the words that I said
But truly God knows it never left my mouth
Maybe I'm just like you say
Maybe losing you is the points the blame
Points the blame

But now I finally see

... minute poison
..... life
I'm better off without you

You won't get another chance to take it back
You left me with a choice
Now it's clear to me that I'm better off without you
