

Man Loves His Money

Angie Stone

I want you like a man loves his money
I want you like a man loves his money What is it about you makes me do the things I do
Workin' all day just to please you?
Got to have you to keep you
Time after time after time I wonder why
Havin' too much makes me wanna give it up
'Cuz you tempt me please don't break me I want you like a man loves his money
I want you like a man loves his money Gotta get that cash, gotta get it fast
Hold up wait a minute I really love man
Time after time after time I wonder why
Not havin' enough makes me have to stick it up
Don't test me they'll arrest me I want you like a man loves his money
I want you like a man loves his money Money, money, money, money
Love the money babe
Money, money, money, money, money
Love the money babe Money, money, money, money, money
Lovin' the money babe
Money, money, money, money, money
Lovin' the money babe
Money I want you like a man loves his money
I want you like a man loves his money
I want you like a man loves his money I want you like a man loves his money
I want you like a man loves his money
I want you like a man loves his money Gotta get that cash gotta get it fast
Dollar bills y'all
Hey you mama give me the rent money
In the meantime come on
