Silence

LostAlone

Light up a sigarete to kill time
Pasing, exploring other different times
if there was some way to express it otherwise, I wouldFed up with fighting over crimson dust
don't have to be this way, a hallowed trust
If we could find someway to make it right, we would
we would
(chorus)And then the silence came
there was not a word to say
One hour, felt like a day
When the silence came
We felt it on her body
no way to turn it around
one hour felt like a day
when the silence came
When the silence came
Can't hear nothing but the dripping from the tap
blowing kisses noone will grab
need to organize this life that we have, if we couldgod knows what we have sacrified
guess we deserve the days of our lives
wish we could learn how to let things slide
oh wait, just for a day
(chorus)
And then the silence came
there was not a word to say
One hour, felt like a day
When the silence cameWe felt it on her body
no way to turn it around
one hour felt like a day
when the silence came
When the silence came
uuh, uuuuh, uuh (background)when the silence came...
God knows what we have sacrified
guess we deserve the days of our lives
wish we could learn how to let things slide
just for a day.
(chorus)And then the silence came
there was not a word to say
One hour, felt like a day
When the silence cameWe felt it on her body

no way to turn it around
one hour felt like a day
when the silence came
OH, When the silence camethe silence came...
