

# Rockstars

## The Viper Creek Band

Got a paycheck burnin' a hole in these old Levi's  
Hey pretty baby, won't you say we do something tonight  
Well, I hear they got karaoke and it's two for one  
Down at the Sandy Monkey, let's go sing a couple of songs

We'll be rockstars, you and me baby  
Up on the stage, playing air guitars  
We'll be rockstars, just for a moment  
Hands in the air, dancing on the bar

Nothin' looks better than your mailbox in my headlights  
You're the prettiest girl in town  
Waiting there with your moonlit smile  
Honey, got a feeling it's gonna be a good good night  
Like Sonny and Cher up in the spotlight

We'll be rockstars, you and me baby  
Up on the stage, playing air guitars  
We'll be rockstars, just for a moment  
Hands in the air, dancing on the bar

Listen up, the world's drinking too much booze  
We got nothin' to lose like rockstars do

We'll be rockstars, you and me baby  
Up on the stage, playing air guitars  
We'll be rockstars, just for a moment  
Hands in the air, hands in the air  
Rockstars, you and me baby  
Up on the stage, playing air guitars  
We'll be rockstars, just for a moment  
Hands in the air, dancing on the bar

We'll be rockstars
