So Sister

The Verve

I wrote your name in dust on a truck
As it rolled out of town
Just in case my love for you might be found
I cried my tears in a mountain stream
They'll sting you one day
I called your name in a giant cave
It echoes to this daySo sister, you're hearing how I miss her
But I don't think that she's hearing my calls
So sister, you're hearing how I miss her
But I don't think that she's hearing my calls
No I don't think that I'm helping my causeI wrote our names on a subway wall
Just in case you call
I rent a room and its just for two
But where are you?So sister, you're hearing how I miss her
But I don't think that she's hearing my calls
So sister, you're hearing how I miss her
But I don't think that she's helping my cause
No I don't think that it's helping my cause
No I don't think that I'm helping my cause
No I don't think that I'm helping my cause
