Heavy Heavy Low Low

once more we clearly see
you'll choke on 3 words
but you won't choke on dick
swallowing pride swallowing your pride
like drunken friday nights
whose next?
and i'm thinking that this could not be so bad
girl eats boys
boy eats girl
and we all get fed
ive always viewed this as masochistic
we all have our vices and mine is getting "fucked"
in every true meaning of the word
once more, we see where you stand
fuck you.
