

# In My Dreams

Ruth B.

[Verse 1]

The lights are bright tonight, the music loud  
A perfect mess that's what surrounds me  
Then I see you over there, I can't seem to break the stare  
Maybe it's 'cause your shirt is my favorite color  
Then you walk on over with a smolder  
And you hand me your number, I say, "What is this?"  
You say, "Love at first sight, it exists"  
But I've had my heart broken so many times before  
Yeah, I've walked through so many empty doors[Chorus]

But if I see you in my dreams tonight  
Then maybe you were right  
And I'll call you in the morning  
If I see you in my dreams tonight  
And you take my hands and tell me  
"I've been waiting for you"  
Then I'll tell you, "Me too"  
If I see you in my dreams tonight[Verse 2]  
I start to drive away and smile like I'm insane  
How can I feel this way? I don't even know your name  
The napkin doesn't say  
Then I remember that I vowed not let anyone enter my heart  
I say "What is this?"

I know love at first sight can't exist[Chorus]  
But if I see you in my dreams tonight  
Then maybe you were right  
And I'll call you in the morning  
If I see you in my dreams tonight  
And you take my hands and tell me  
"I've been waiting for you"  
Then I'll tell you, "Me too"  
If I see you in my dreams tonight[Bridge]  
Maybe we'll meet in a different dimension  
And you can tell me all the things you didn't mention  
Maybe we'll meet in a different dimension  
And you can tell me all the things you didn't mention  
You'll say "What is this?"  
I'll say "I guess love at first sight exists"[Chorus]  
Cause I saw you in my dreams that night

And I knew that you were right  
So I called you in the morning  
(In the morning, in the morning)  
Yeah I saw you in my dreams that night  
And you took my hands and told me  
"I've been waiting for you"  
And I told you, "Me too"  
Yeah I saw you in my dreams that night  
If I see you in my dreams tonight
