Love Ruins Everything

Lloyd Cole

Hey, hey, hey, look at me now
I'm unrecognizable
My trademark frown has grown
Into the strangest easy smile
Oh, my, my, where did I go wrong?
Ask all my drunken friendsWho's gonna carry us home?
Who's gonna drink till the mornin'?
Who's gonna carry us home?
Love ruined everythingAs the ladies line their eyes
And the gents make their excuses
And the talk is goin' cheap
I'll be smilin' in my sleepHey, hey, hey
Look at her now
She's the life of the party
Oh, my, my
Where did she go wrong?
Ask all my drunken friendsWho's gonna carry us home?
Who's gonna drink till the mornin'?
Who's gonna carry us home?
Love ruined everyAs the ladies line their eyes
And the gents make their excuses
And the talk is goin' cheap
I'll be smilin' in my sleepSmilin' in my sleep
Smilin' in my sleepAs the ladies line their eyes
And the gents make their excuses
And the talk is goin' cheap
I'll be smilin' in my sleepAs the ladies line their eyes
And the gents make their excuses
And the talk is goin' cheap
I'll be smilin' in my sleep
