Ultimate Sacrifice

Bebe Winans

See faraway, away from all
Uncertainty is all we?ve known
Thinking about you I say a prayer
Over and over, I wanted to know how much I care.
And how can I say thank you,
How can I let you know the way I feel about you
Certainly a hero, just wanted to say ?thank you?
Though it may have cost your life,
Did you ever once think twice
Yeah, you?re willing to make the ultimate sacrifice.
Days and nights you were afraid,
Convinced your heart be strong and brave
Not any judge who?s right, who?s wrong
But from my heart I sing this song
Wanting to say you ?thank you?

How can I let you know the way I feel about you,
Certainly a hero, I wanted to say ?thank you?
Though it may have cost your life,
Did you ever once think twice
You?re willing to make the ultimate sacrifice.
Men and women, different races, all around the hood
Come together united, hand in hand.
Wipe the tears from all the faces from every boy and girl
Giving them the chance to live free and dance.
Thank you, how am I to let you know the way I feel about you?
Certainly a hero, I just wanna say ?thank you?
Though it may have cost your life,
Did you ever once think twice
You?re willing to make the ultimate sacrifice.
Yeah, you?re willing to make the ultimate sacrifice.
