## Robert Pollard

Has there been a break today  
Stoned comedian Ringo?  
Should I put the plates away?  
Captain, are you sure theyre coming in?I am quail and quasar  
I picked you up on radar  
I do my job each day  
Empties crushed and filed away  
And there is nothing worse thn  
An undetermined person  
Can I abuse you please it  
In my subspace biographies?
