Confess

Lox Chatterbox

Uh, yeah I confess, father I confess.
'Cause I've been livin' wrong I know I've been blessed.
I had a thousand chances, how many left?
I've been sinning lately, what do you suggest? (What should I do?)
I want nine hundred ninety nine more Hail Mary's right now! (Right now!)
I want nine hundred ninety nine more Hail Mary's right now! (Hail Mary's right now!)
I want nine hundred ninety nine more Hail Mary's right now! (Hail Mary's right now!)
But don't try to turn that number upside down. (Upside down)

There's no chance in hell I'll make it to Heaven. (Make it to Heaven)
The deadliest sins I committed all seven.
Gluttony, lust, envy, and greed, I done 'em all (You forgettin' three)
I was gon' get to it, you just help demonstrate how impossible repentance would be. (Hahaha)
I don't think that I'm worthy of forgiveness (nope), I think I'm already sentenced.
How is it that I commit all the sins that I do and see no consequences?
Father forgive me for asking this, how can I ever go back from this? (How can I go back?)
It's not like the shit I was doing was simply a fluke or an accident. (Nope)
Because I've been deliberately sinnin' again and again I can not repent it.
Impossible not to give into it livin' in such and environment.

Holy Mary (Mary), pray for us sinners (sinners). Now or not the hour of death, amen.(Amen!)
Holy Mary (Mary), pray for us sinners (sinners). Now or not the hour of death, amen.(Amen!)

Uh, yeah I confess, father I confess. (I confess.)
'Cause I've been livin' wrong I know I've been blessed.
I had a thousand chances, how many left? (not many)
I've been sinning lately, what do you suggest? (What should I do father?)
I want nine hundred ninety nine more Hail Mary's right now! (Hail Mary's right now!)
I want nine hundred ninety nine more Hail Mary's right now! (Hail Mary's right now!)
I want nine hundred ninety nine more Hail Mary's right now! (Hail Mary's right now!)
But don't try to turn that number upside down, uh.

Yeah, They told me that I should try prayin' but that hasn't helped me to change. (Help me to change)
So here I am tryin' to confess to you while on my devilish ways.
Tendencies, enter temptations that burden me, gettin' heavy the more I see currency.
I know it's worldly (worldly), but if I don't slow down I'll be havin' a funeral early.
Thoroughly caught up and stuck in my vices. (stuck in my vices.)
Why am I stuck in these vices?
Father forgive me but it doesn't matter how much that I pray 'cause it just so enticing.
I will admit, The devil been pullin' me. (RAH!)

Tell Mama to write up my eulogy 'cause there's no tellin' what they gonna do to me.
Grant me immunity, what should I do now?
Just Pray.

Holy Mary (Mary), pray for us sinners (sinners). Now or not the hour of death, amen.(Amen!)
