

# Nothing Scars Me

## Hatebreed

Advisory - the following lyrics contain explicit language:

What becomes as rage saves his life  
Rise in demise, that what youre sworn to abide  
Quoting the lifeless bitches, wouldnt buy time  
Strangled by shackles in the coldest nights Nothing you say scars me anymore Nothing scars me!  
Nothing scars me!  
Nothing scars me!  
Nothing fucking scars me! Nothing scars me!  
Nothing scars me!  
Nothing scars me!  
Nothing fucking scars me! Reminding acceptance  
What matters Ill never control  
So save me your venom  
Your time is rebellion  
Saving whats left of your soul You told me no ones ever said  
You shown me who was hopelessly but wrong  
Some things just never came to pass  
Those needless tears are gone Youll never scar whats inside  
No other one who decides Reminding acceptance  
What matters Ill never control  
So save me your venom  
Your time is rebellion  
Like saving your soul Youll never implore this  
Taking and taking yourself  
Its no way from the hole  
Youll never take the pieces  
You tried to hide them, now this times inside them Nothing you say scars me anymore Nothing!  
Nothing!  
Nothing!  
Nothing fucking scars me! Nothing scars me!  
Nothing scars me!  
Nothing scars me!  
Nothing fucking scars me! Nothing scars me!

Nothing scars me!  
Nothing scars me!  
Nothing fucking scars me!Nothing scars me!  
Nothing scars me!  
Nothing scars me!  
Nothing fucking scars me!Nothing scars me!  
Nothing scars me!  
Nothing scars me!  
Nothing fucking scars me!Nothing you say scars me anymore
