Beautiful Noise

Lee Kernaghan

beautiful noise. lee kernaghan.got a red dirt train out in the sticks, a shed with a chevy in a million bits
its a big day, she's in the driveway
we got fuel in the tank, hand on the wheel
i can see ur reflection in the chromiun steel
slip the key in, i got ignition.
CHORUS
Its a beautiful noise, its the rush of the wind
Its the beat of the heart, the jump of a spark
Its the love that were in
Its the song of the road, It's the promise it brings
the sound of chaseing a dream, Its a beautiful noise.The grease in my oil drums fall behind.
Its a big horizon on a broken white line,
round sunset, were not done yet.
Girl we gonna find out what we got
just you and me out on the black top
wind in your hair, were gettin out of hereCHORUS
Its a beautiful noise, its the rush of the wind
Its the beat of the heart, the jump of a spark
Its the love that were in
Its the song of the road, It's the promise it brings
the sound of chaseing a dream, Its a beautiful noise.The rhythym of the highway keeps rolling on
and your in my arms, and i can feel the pounding of ur heartCHORUS
Its a beautiful noise, its the rush of the wind
Its the beat of the heart, the jump of a spark
Its the love that were in
Its the song of the road, It's the promise it brings
the sound of chaseing a dream, Its a beautiful noise.
