

# Beautiful Noise

Lee Kernaghan

beautiful noise. lee kernaghan.got a red dirt train out in the sticks, a shed with a chevy in a million bits  
its a big day, she's in the driveway  
we got fuel in the tank, hand on the wheel  
i can see ur reflection in the chromiun steel  
slip the key in, i got ignition.

## CHORUS

Its a beautiful noise, its the rush of the wind  
Its the beat of the heart, the jump of a spark  
Its the love that were in  
Its the song of the road, It's the promise it brings  
the sound of chaseing a dream, Its a beautiful noise.The grease in my oil drums fall behind.

Its a big horizon on a broken white line,  
round sunset, were not done yet.  
Girl we gonna find out what we got  
just you and me out on the black top  
wind in your hair, were gettin out of hereCHORUS

Its a beautiful noise, its the rush of the wind  
Its the beat of the heart, the jump of a spark  
Its the love that were in  
Its the song of the road, It's the promise it brings  
the sound of chaseing a dream, Its a beautiful noise.The rhythm of the highway keeps rolling on  
and your in my arms, and i can feel the pounding of ur heartCHORUS

Its a beautiful noise, its the rush of the wind  
Its the beat of the heart, the jump of a spark  
Its the love that were in  
Its the song of the road, It's the promise it brings  
the sound of chaseing a dream, Its a beautiful noise.  
its a beautiful noise  
oooohhh its a beautiful noise
