

# Seasons (my Love Will Never Change)

Jesse McCartney

Let me take your coat  
Let's sit down and talk  
I already heard the news  
Plus, your mama told me, too  
I know it's complicated  
Work got you all frustrated  
(They laid you off)  
But, don't trip you got me  
And we'll get through it, baby  
I'm in it for the long run  
(Even if we' strugglin')  
Every day (we gon' be hustlin')  
Every day (we gon' be hustlin') together  
I'm in it for the long run  
(Even if we strugglin')  
Every day (we gon' be hustlin')  
Every day (we gon' be hustlin') together  
[Chorus:]Even though I know  
Seasons will change  
But, my love will stay the same  
Put that on everything, oh yeah  
'Cause if the world's fallin' apart  
You still gon' have my heart  
Put that everything  
Nothin's gonna change  
Oooh, said nothin's gonna change  
Oooh, my love will never change  
(Your rent is due)  
Don't you worry, baby  
Y'know I got you, baby  
All you gotta do is stay strong  
Yeah  
I'ma hold you down  
Never leave you  
Baby, if it's mine  
Then it's your's too  
Whatever I gotta do  
  
To get us through

The long run (Even if we strugglin')  
Every day (we gon' be hustlin')  
Every day (we gon' be hustlin') together  
I'm in it for the long run  
(Even if we strugglin')  
Every day (we gon' be hustlin')  
Every day (we gon' be hustlin') together  
[Chorus:]Even though I know  
Seasons will change  
But, my love will stay the same  
Put that on everything, oh yeah  
'Cause if the world's fallin' apart  
You still gon' have my heart  
Put that on everything  
Nothin's gonna change  
Oooh, said nothin's gonna change  
Oooh, my love will never.  
Some things will never fade away  
Hearts on lock so throw the key away  
Summer, Winter, Fall  
And in the Spring  
Ooh, my love will never change  
(Oh no) Life could be unfair  
(You know) That I'ma be the one there  
(We gon') Love each other just the same  
[Chorus:]Seasons will change  
Even though I know  
Seasons will change, baby  
Oh, but my love will stay the same  
Put that on everything, oh yeah  
'Cause if the world's fallin' apart  
You still gon' have my heart  
My love will never change  
Ooh, my love will never change  
Ooh, my love will never change
