

# Metal Meltdown

## Judas Priest

Something's calling in the night  
Electric madness roars in sight  
    Heat is rising, blazing fast  
    Hot and evil, feel the blast  
        Out of control  
        About to explode  
        It's coming at ya  
Here comes the metal meltdown  
    Run for your lives  
Can't stop the metal meltdown  
    No one survives  
    Raging fury, wired for sound  
Nitro bombshell shakes the ground  
    High and mighty rips the air  
    Piercing lazer, burning glaze  
        Out of control  
        About to explode  
        It's coming at ya  
Here comes the metal meltdown  
  
    Run for your lives  
Can't stop the metal meltdown  
    No one survives  
Temperature is boiling, magnifying might  
    Feeding like a virus, flashing light  
Imminent collision, shockwaves all around  
    Generating energy, screams so loud  
        It's comin', meltdown  
        Start runnin', countdown  
Here comes the metal meltdown  
    Run for your lives  
Can't stop the metal meltdown  
    No one survives  
        Oh yes  
        Metal meltdown  
        Metal meltdown  
        Metal meltdown
