

# Information Overload

## Living Colour

Sometimes I feel  
Like my mind will explode

Sometimes I feel  
Like I've got no control

Sometimes I wish  
I had a heart made of steel

Sometimes I wish  
I couldn't feel

## Information overload

## Information overload

## Information overload

## Information overload

They say the future, it's on a microchip  
Don't you know we're all on a sinking ship  
Only ten percent control all the rest  
Only ten percent decide what is best, yes, yes

## Information overload

## Information overload

## Information overload

## Information overload

## Information overload

## Information overload

## Information overload

## Information overload

I don't want to live like this

I don't want to live like this

I don't want to live like, live like

I don't want to live like this, no, no, yeah, no

## Still ain't no cure for the summertime blues

I'd like to shake these blues but I'm still paying dues

My blues so deep you might think they're black

My blues so deep there ain't no turning back, back, back

## Information overload

## Information overload

## Information overload

## Information over overload
